Weather Update (National Weather Service)

Impacts

- Locally breezy afternoon winds and elevated fire weather concerns are possible across the state through the next few days, especially in the mountains and foothills.
 - Gusty north winds across portions of northern California early Friday morning through midday Saturday will produce critical fire weather conditions, primarily in the Sacramento Valley and surrounding foothills.
- Hot temperatures will continue through the weekend, with moderate to locally high heat impacts expected across interior valleys.
- No precipitation is expected across the state through at least Saturday.
- Wildfire smoke will remain across portions of northern and central California, bringing reduced visibility and air quality at times.

Watches/Warnings/Advisories

- Updates to Watches, Warnings and Advisories can be found at <https://www.wrh.noaa.gov/hazardSummary/?state=ca>.
- Northern California:
 - Red Flag Warning** Friday morning through midday Saturday for the Sacramento Valley and surrounding foothills
 - Heat Advisory** Saturday morning through Saturday evening for the interior valleys of Mendocino and Lake counties.

Outlook for Saturday through Thursday:

Moderate to locally high heat impacts will continue across interior valleys of all regions through the weekend, with cooling expected statewide early in the work week. Dry conditions and locally breezy winds could contribute to elevated fire weather concerns, especially in the mountains, foothills, and southern deserts. Critical fire weather conditions will linger across the Sacramento Valley and surrounding foothills through at least Saturday morning. Monsoon moisture could return to southeastern California starting Sunday or Monday, with increased shower and thunderstorm activity possible through the upcoming work week.

Red Cross

- Wednesday night, the Red Cross and our partners cared for more than 580 Californians seeking refuge from wildfires in nearly 30 emergency shelters and campsites. Since July, we've provided nearly 11,000 overnight stays for people in need.
- Many evacuees are choosing to stay in RVs or tents. Anyone who has been affected by the fires is welcome to stop by a shelter to get a hot meal, take a shower and access other support.
- Since the fires began, almost 600 Red Cross disaster workers have supported relief efforts in person or virtually.

- About 300 disaster responders are still active across the state supporting the current relief operations.
- With the help of partners, the Red Cross has provided tens of thousands of meals and snacks and distributed over 2,200 relief items including comfort kits, fire kits, and other supplies to help people in need.
- Trained Red Cross volunteers are helping evacuees cope as they await news about whether they will have a home to return to. Volunteers are also replacing prescription medications, eyeglasses or critical medical equipment, like canes and wheelchairs, that were left behind in the rush to get to safety.
- Volunteers have already made more than 7,900 contacts providing emotional support, health services and spiritual care for people who've been evacuated.
- The Red Cross has provided financial assistance to more than 1,700 people who have experienced loss due to recent California Wildfires. Financial assistance allows people to make their own decisions and prioritize what their family needs most to start recovering. Funds can help families replace clothes or food, offset transportation costs, or support any other immediate need.

California Energy Commission

- **CA Fuel Status:**
 - CEC staff continue refinery outreach and coordination.
 - CEC staff supporting Caldor Fire advanced planning activities.
- **Natural Gas:**
 - Concerning the El Paso Natural Gas (EPNG) pipeline Force Majeure and its effect on California, the CEC is monitoring the situation closely. EPNG's available delivery capacity is still higher than what the Ehrenburg receipt point can take away from the junction, so there is no impact on gas delivery volumes to California currently. Additionally, the amount of scheduled gas that will ultimately be consumed in California is still far under the total available capacity. Barring another unforeseen and/or widespread weather event like the February 2021 polar vortex, this current pipeline outage on Line 2000 in Arizona will not affect California gas supply.

CA-ESF 10: Hazardous Materials

Air Quality Index Map (airnow.gov) – California Environmental Protection Agency (Cal EPA) as of August 27, 2021, at 0600 Hours: -

- California Air Resources Board (CARB) continues to support affected air districts and air quality agencies. A total of 32 portable air monitors are currently deployed (a new monitor was deployed yesterday in the community of Covelo, in Mendocino county) throughout the state to support local air quality agencies and is visiting their equipment storage caches in Redding, Mariposa, Ukiah, Santa Barbara, and Fresno to manage inventories and resupply monitors and supplies.
- Based on yesterday's PM2.5 Air Quality Index (AQI) many communities in the following Northern California counties experienced air quality in the unhealthy to very unhealthy category: Lassen, Plumas, Sierra, Nevada, Placer, El Dorado, Amador, Alpine, Calaveras, Tuolumne, Mono and Siskiyou. Today's forecast predicts [similar](#) air quality in many of these locations with AQI only in the [unhealthy for sensitive groups](#) to [unhealthy](#) range. [Placer, El Dorado, Amador, and Calaveras counties are expected to have AQI in the very unhealthy category.](#)
- The Sacramento Valley, Bay Area, Southern California, and foothill and mountain communities in the Sierra Nevada mountains are expected to receive [similar](#) air quality today as yesterday, with AQI predicted to be in the [moderate](#) to [unhealthy for sensitive groups](#) category. Air quality in parts of [Fresno, Kern, Tulare, Inyo, San Bernardino, Riverside, Imperial, and San Diego counties](#) are predicted to receive similar today with air quality in the unhealthy AQI category.

- BAER team is indicating that soil burn severity is greater than expected.
- MRT Requested for CCC to deploy one crew to implement emergency protection measures within the town of Greenville. Deployment slated for September 7, 2021.
- MRT requested for DWR to deploy two flood fighting specialists to identify placement of emergency protective measures on cleared DTSC parcels within the town of Greenville. Deployment slated for September 3, 2021.
- MRT Request for DGS to supply materials and equipment.
- Tamarack Fire
 - Requesting via MRT that DGS provide the following materials to support the remediation of the Musser and Jarvis Watershed in Markleeville (Alpine County):
 - One rubber track Excavator w/ Operator (mid-size or larger)
 - One Forklift w/ Operator (to accommodate the transport of k-rails and suitable for rough terrain)
 - 400 LF of California temporary k-rail
 - 6000 LF of 25' x 8" biodegradable straw wattles
 - 1,700 16" x 1" Wood Stakes
 - One Hydromulcher w/ water cannon w/ operator
 - Hydromulch to cover 23 acres (consists of 46,000 gallons of water, 11,500 lbs of mulch, 6,900 lbs of binder)
 - One Waste Management Bin
 - One Portable Toilet w/ Wash Station w/ Trailer
 - Continuing coordination with the USFS to expedite permitting to allow treatment of the Markleeville Water Company's Watershed, the Musser, and Jarvis Creek.
 - Site visit with Markleeville Water Company tentatively scheduled for Monday, August 30, 2021. The purpose of the site visit is to gather geospatial data to map the water companies proposed BMP treatments on the Musser and Jarvis Watershed. At the request of the BAER team, this mapping needs to occur to expedite the permitting and NEPA process which would allow for treatments on private property on USFS land.
- Cache Fire
 - 156 vehicles and 137 structures have burned, 57 of which are residences. These burned vehicles and structures are near Cache Creek; therefore, erosion control BMPs must be placed, or a berm must be constructed, to protect the waterway from toxic runoff from the burn area. This area is particularly sensitive as Cache Creek flows directly into Clearlake.
 - CCC tentatively scheduled to be on site September 3, 2021, and September 4, 2021, for placement of BMPs and/or construction of a berm.
- Caldor Fire
 - Preliminary analysis of potential watershed impacts identified the American River South Fork and Cosumnes River watersheds fall within the burn scar.
 - Cosumnes River Watershed - Of particular concern is the potential for toxic runoff from the Grizzly Flat area (est. 300-350 residential structures burned) into the waterway. This watershed flows to the San Joaquin River, then the Sac-San Joaquin Delta.

CA-ESF 15: Public Information Office (PIO)

- Pushed public facing messaging focused on evacuation numbers, shelters, signing up for emergency alerts, mutual aid and amplifying state partner and county partners.
- Worked with impacted counties and agencies to coordinate unified messaging.

Office of Legislative and External Affairs (OLEA)

- On August 25, 2021, OES, FEMA, SBA & Rep. LaMalfa's staff participated in a conference call to discuss the President of the United States approval for a Major Disaster Declaration for Lassen, Nevada, Placer & Plumas Counties, coordination of public and individual assistance programs and on-going efforts for additional information for the remaining counties included and awaiting approval for a Major Declaration (Shasta, Siskiyou, Tehama & Trinity Counties).

Office of Access and Functional Needs (OAFN)

- OAFN conducted the California State Access and Functional Needs Leadership Coordination call between government and community leaders to discuss the State's response to the Wildfires and the COVID-19 pandemic. These calls bring together representatives from state agencies such as California Health and Human Services, California Department of Public Health, California Department of Social Services, Cal FIRE, California Dental Association, and others with the objective of information sharing for cooperative response with community-based organizations from throughout the state's whole community.
- OAFN coordinated a request for American Sign Language interpreters by routing Disaster Response Interpreters to South Lake Tahoe to assist with the delivery of accessible communications community meetings hosted by the El Dorado Sheriff in response to the Caldor Fire.
- OAFN connected partners from the California Department of Social Services Disaster Services Bureau with Alameda County to explore the incorporation of Functional Assessment Service Teams into their county's response and recovery efforts.

Office of Private Sector / Non-Governmental Organization (NGO) Coordination

- The Office of Private Sector / NGO Coordination has activated the Business Operations Center in response to the ongoing wildfires. Current efforts include providing situational awareness to the BOC partner network and monitoring unmet needs in order to coordinate in-kind and financial donations management.
